## Welcome to our Sew a long for 2020 and thank you for joining us

Each week we will be posting a free PDF pattern and tutorial the block for the week. You can make it as a 6 " block or $12^{\prime \prime}$ block (finished) or make both of course.

We would love to see what you are making so please feel free to post your photo's on Facebook and Instagram using the hashtag \#dqc52sewalong .

Note: all seam allowances are $1 / 4$ " unless other wise stated

## Piecing Instructions

To keep the woven pattern layout your blocks as shown on page 2. You will piece the block in four sections and then sew those together.

1. Sew a Fabric C 2 " ( $3 \frac{1}{2}$ " $)$ square to a Background 2 " ( $3^{1 / 2 \prime}$ ) square. Press. Then sew a Fabric A 2" x $31 / 2$ " ( $31 / 2^{\prime \prime} \times 6 \frac{1}{2}$ " $)$ rectangle this unit.
2. Repeat with the remaining three units as shown above, following the fabric combinations.

Check that each unit measures $31 / 2 "\left(6 \frac{1}{2} 2^{\prime \prime}\right)$ square.

Rotate the units and sew your block together as shown below.

Well done, another gorgeous block make. Press well and your block will measure $61 / 2 \prime$ " (12 $1 / 22^{\prime \prime}$ )
